E-GAMING

The **E-Gaming thematic exhibition** is the largest gaming event in the Balkans, and is returning this year to Pavilion 17 for nine days, offering 4,000 sq.m. for classic and modern gaming, educational presentations, competitions, tournaments and panels featuring community figures.

Pavilion 17

REGULATORY AUTHORITY FOR ENERGY

Students will have the opportunity, while complying with health measures, to safely participate in a 3D 'snake'-type game in a special outdoors area set up outside Pavilion 10.

In this way the Regulatory Authority for Energy is contributing to the creation of a proper energy awareness among students-consumers and citizens, so that the next generation can learn through playing and become informed about Renewable Energy Sources and their benefits, about energy saving and contribute, in turn, to combating climate change.

During all TIF working hours

HADO

HADO introduces the cutting-edge technology of Augmented Reality (AR) to sports. Played on an actual 6x10m court and consisting of simple rules, HADO is a sport involving intense movement and strategy.

It is currently being played in 26 countries by thousands of players, with spectators enjoying an experience straight from the future.

Pavilion 2 (storey)

Exhibition of Models & Designs for the International Architectural Design Competition for the Thessaloniki ConfEx Park

Visitors to this year's TIF will have the opportunity to tour a unique exhibition of architectural models and designs in Pavi lion 6. The exhibition features the design proposals of participants in the International Architectural Design Competition for the Thessaloniki ConfEx Park.
