OTHER EVENTS

GOETHE-INSTITUT THESSALONIKI & ARTBOX

"Tale of X Cities" is a programme by Goethe-Institut Thessaloniki and ArtBOX, in collaboration with more than 25 institutions and 12 cities from across Northern Greece. A unique model for the creation of community and local growth through art, creativity and the collaborative production of culture. At the 86th Thessaloniki International Fair, "Tale of X Cities" presents participants' works, interactive projects and partner institutions' activities, and takes us on a polyphonic journey across Northern Greece.

Organised by Goethe-Institut Thessaloniki and ArtBOX.gr. Co-funding: Region of Eastern Macedonia and Thrace, Regional Theatre of Komotini, Cultural Centre of the Municipality of Ioannina. Contributors: Ethnological Museum of Thrace, Municipality of Alexandroupoli, Municipality of Kalamaria, Municipality of Kozani, Municipality of Themi. Support: TIF-Helexpo.

Honored Country

United Arab Emirates

The institution of the Honoured Country is making a dynamic comeback at the 86th TIF, with the United Arab Emirates preparing to leave their mark on this year's event participating with a significant number of enterprises and entities.

A century ...in Ionia, Thrace & Pontus

Anniversary tribute to the Asia Minor catastrophe 1922 -2022

This year has a special anniversary character for our country, since it is 100 years from the Asia Minor catastrophe and the Hellenism of the Near East in general.

Akademia

Education and entrepreneurship

The established tribute to education and career opportunities is a meeting point for the educational community.

Cosmos - International Participations

International Participations consist of state participations from abroad, embassies, and businesses from other countries of an intense entrepreneurial interest.

MUSIC EVENTS / CONCERTS

Major names of the Greek music scene will take to the TIF music stage again this year to sing popular styles of Greek music, with "entechno", folk, and pop songs.

At the YMCA Arch

TIF ticket must be presented

CITY OF THESSALONIKI

"Sustainable gastronomy goes to TIF"

With three tasting events and focusing on the consolidation of the food waste mentality, the Department of Tourism will participate in the stand of the Municipality of Thessaloniki at the 86th TIF.

On Tuesday, September 13, the President of the Bakers Association of Thessaloniki "Profitis Ilias", Elsa Koukoumeria, will reveal to the public truths and lies about bread. Chef Yiannis Katsantonis will talk about the "Chefs for zero hunger" action, while he will present easy recipes to make use of the leftover bread in the bread pan.

Thursday, September 15, is dedicated to healthy eating. We will be informed about how gluten affects people suffering from celiac disease, while the executive chef Nikos Liongaris, advisor of the association "Action for Celiac disease" will show a classic pasta recipe, a conventional product that can easily be found in the supermarket, giving all the necessary cooking instructions for people suffering from celiac disease and for dessert a vegan, gluten and lactose free Chocolate mousse.

Finally, the specialist pathologist, President of the Scientific Committee of the Panhellenic Association for the Support of People with Obesity, Alexandros Mourougakis, will refer to obesity as a modern pandemic.

On Friday, September 16, chef and gastronomy teacher Giorgos Palisidis will show easy and delicious recipes that we can make with leftovers from the fridge. At the same time, Dr. Emilia Vasilopoulou, Assistant Professor of Dietetics-Nutrition of the International Hellenic University, will refer to the nutritional value of the dishes.

REGULATORY AUTHORITY FOR ENERGY

Painting Competition

The RAE and the dean's office of the Faculty of Fine Arts of AUTH are organising a youth Painting Competition on the subject of 'Renewable Energy Sources, Green cities – Protecting the planet and our future'.

The purpose of the competition is to raise awareness among the youth and the broader public, and to highlight — through artistic creation — the important contribution of renewable energy sources to sustainable development, protecting the environment, and safeguarding our planet.

The competition is addressed to three youth categories:

1st category: up to 12 years old (primary school pupils)

2nd category: ages 13 to 18 (secondary school pupils)

3rd category: ages 18 and over (university students, young people)

The venue is the outdoor space of Building 10 within TIF facilities, which has been suitably modified for the needs of the Competition. The contestants, who will be provided with free materials (special paper and colours for painting), may attend on any day and at any time at which the TIF is operating (weekends 10-11.09 & 17-18.09 from 10:00 to 22:00 and weekdays from 16:00 to 22:00).

The best piece in each category will receive a laptop as an award at a special ceremony. The information of the winning artists will be posted on the RAE website (<https://www.rae.gr>) under the 'News – Announcements' section.

The judges panel consists of:

Dimitrios Papantonis, Member of the Plenary of RAE, former Vice Rector of NTUA, Stella Lavva, Dean of the Faculty of the Fine Arts AUTH, Georgios Tsakiris, Professor of Painting AUTH, Lambros Psyrakis, Professor of Painting/Director of the 5th Painting Studio AUTH, Aris Katsilakis, Assistant Professor Sculpture/Director of the Sculpture Studio AUTH

Bowling Game - join us in achieving the energy transition goals by 2030

The RAE, for the first time this year, has prepared a fun game for older and younger visitors to the 86th Thessaloniki International Fair: Energy Bowling!

In the specially adapted outdoor space of Building 10 within TIF facilities, ambitious players, ball in hand, will try to hit the pins that have been set up, each representing an energy transition goal.

The purpose of the game is to inform young people and citizens on the goals of the energy transition in the simplest and most fun way possible: by playing.

The RAE, in an effort to highlight the benefits of Renewable Energy Sources, has manufactured a portable photovoltaic unit and will light the bowling game using solar energy, while visitors can also charge their mobile telephones.

C. Closed work meeting in partnership with the Regulatory Authorities of Bulgaria and Romania (workshop)

In the framework of its participation in the 86th Thessaloniki International Fair, the RAE in partnership with the Regulatory Authorities of Energy of Bulgaria and Romania, is organising the closed work meeting on Thursday 15 September 2022 at the 'IOANNIS VELLIDIS' Congress Centre, with the participation of representatives of the Regulatory Authorities, Balkan Transmission System Operators, and ACER, to have constructive discussions on upcoming amendments to the methodology of the coordinated calculation of cross-zonal capacity of the Day-Ahead and Intraday Markets and the implementation of the 70% rule, in accordance with Article 16 of Regulation (EU) 2019/943.
